Charles Sturt University

10 November 2005
The character of **AFBM Journal**

**AFBM Journal** is a – DEST, Register of Refereed Journals of Australia - registered publication of the Australasian Farm Business Management Network (i.e. AFBMNetwork).

AFBMNetwork is a professional organisation supported by Charles Sturt University – Faculty of Science and Agriculture, Curtin University – Muresk Institute; Massey University – College of Sciences; The University of Melbourne – Institute of Land and Food Resources and Marcus Oldham College. Members from these organisations and the AFBMNetwork membership are the primary users of the **AFBM Journal**. However, independent and other organisational professionals are encouraged to publish in the **AFBM Journal**.

AFBMNetwork vision and mission statements actively encourage the design of farming systems matched to the environmental, social, economic and marketing conditions of Australasia. It promotes quality education, research, consultancy and extension to service the primary sector and its organisations. The **AFBM Journal** will therefore publish high quality papers related to the areas of Animal Systems and Technology; Cropping Systems and Technology; Ecological Agriculture; Farm Economics; Global Perspectives of Agriculture; Business Management and Decision-Making; Social Issues of Farming and Sustainable Farming Systems.

The Department of Education Science and Training of the Commonwealth of Australia – Higher Education Research Data Collection (DEST-HERDC) defines that the essential characteristics of a research publication are as follows:

- substantial scholarly activity, as evidenced by discussion of the relevant literature, an awareness of the history and antecedents of work described, and provided in a format which allows a reader to trace sources of the work through citations, footnotes, etc
- originality (i.e. not a compilation of existing works)
- veracity/validity through a peer validation process or by satisfying the commercial publisher or gallery processes
- increasing the stock of knowledge (www.dest.gov.au/NR/rdonlyres/61C1FB66-A777-45AF-8FC5-C8EE5B380B5B/6127/2005HERDCSpecificationsFinal100605.rtf; accessed on 20 June 2005)

**AFBM Journal** support its action in the above principles and while encouraging the publication of research results, useful to the professional farming related community, will undertake a stringent process of peer reviewing to ensure the quality of the papers published in the different issues of the Journal.

**AFBM Journal** is published online with free access for AFBMNetwork members and a wider audience. Subscription to four printed issues has a cost of A$100 and can be processed contacting the AFBMNetwork Executive Officer (i.e. afbmnetwork.chair@orange.usyd.edu.au - Tel BH +61 (0)2 6365 7506 or downloading a subscription form from the AFBMNetwork webpage.

**Disclaimer**: The views and opinions contained in the papers published in the **AFBM Journal** are those of the authors and do not necessarily reflect the views of AFBMNetwork or any of its supporting organisations.

**Instructions to authors**

Instructions for intending authors of papers to be submitted to the **AFBM Journal** can be downloaded from AFBMNetwork webpage afbmnetwork.orange.usyd.edu.au/afbmjournal/AFBM_Journal_Instructions_To_Authors.pdf

Papers must be submitted online to the following email address: afbm.journal@csu.edu.au
