PRESIDENTS REPORT May 2002

It is with sadness that in this issue of Old Boys News that I relate to you the passing of Don Joyes. Don died on 11th October, 2001, aged 83, after several weeks in hospital. As you can see by the obituary, Don had an extensive and interesting career. I first met Don as a young female student in the late seventies, when WAC become RCAE. His gentlemanly and kind manner was a salve for this young naïve country girl, and I was pleased to rekindle our friendship when I moved back to Wagga in 1984.

Don wasn't just my close friend, he was close and lifelong friend to most of the students who were at WAC between 1951 and 1977. Up to 1975, all agricultural students did the same course and everyone lived on campus in a unique community. Of course, up to 1974, this was an all-male community. Don often said he had "no kith or kin", as he and Fay were not blessed with children, however I often reminded him of this vast community family that he had – and of the respect and love that we had for him.

Don and Fay enjoyed 53 years of marriage – and many, many years of wonderful friendships with the students of the former Wagga Agricultural College.

Congratulations and thank you to the 1956'ers who have collectively raised \$610 towards WACOBU Cottage. The class of 20 not only produced a magnificent group effort, but also provided an update of their addresses. They challenge other year groups to do the same. In regards to distributing the newsletter, we still intend to make that available via the Web and/or email. Bear with us while we tackle the technology. Just like mail addresses, email addresses change, and we will never have a totally updated list. We appreciate that there are many without internet access, so the hard copy will still be posted.

Cheers Ros
(rospete@tpg.com.au, ros.prangnell@agric.nsw.gov.au)

PS. The committee is considering the idea of having brewed WACOBU's own product as a fundraiser. Would you be prepared to buy a case of eg, "Old Boys Bitter" for say \$50-\$55?
Can anyone help with donations of the raw products, eg, barley, hops, labels, cartons, cartage?

CURRENT NEWS

Agriculture students at Charles Sturt University continue to contribute to the Wagga community - their fund raising efforts benefiting a host of local charities.

For a number of years Riding for the Disabled (RDA) has been a beneficiary of the fund raising activities by the Rivcol Union Agriculture Club, made up of students studying agriculture and related courses at CSU. Another \$1000 handed over this week will help with ongoing expenses at the Plumpton Road premises, adding to more than \$20,000 given in past years.

RDA President, Bev Amery, said the continuing support is invaluable. "They've been a wonderful support for us. The students have bought a horse, a tank, and always help out when we have working bees. We have almost finished our new arena and will be needing a big working

bee to finish things off. They have already shown an interest in helping out again this year" she said. Money has also funded horse feed during times of drought and riders' travelling costs to national competitions.

The \$1000 donation comes days after the Ag students parted with \$10,000 to help a disabled former student purchase a new wheelchair.

Peter Worsley was injured as a student whilst playing university rugby for CSU. Since then, he has benefited from funds raised by the Ag Club at the annual Ag Race Day, held in October at the Murrumbidgee Turf Club. Peter is now aiming for a spot in the

2004 Athens Paralympic team as a shooter. He received the cheque from the Ag Club after a charity rugby match on 23 March 2002, between Ag Old Boys and the current First XV.

Past community donations from the club include \$5000 to the Kidz Kottage Appeal and \$2000 towards furnishing the Riverina Radiotherapy Centre in 2001.

More than \$70,000 has been given to other charities in the past including \$5000 to the Radiotherapy Appeal and close to \$10,000 to the Wagga Wagga Base Hospital Accident and Emergency Unit.

NEWS of OLD BOYS

Report on the fourth reunion of the year of 1956

The year of 1956 Graduation had a smorgasbord at the Grange Restaurant Pambula on the Saturday the 13th of October 2001. Approximately 26 attended including spouses and partners.

It was a seafood smorgasbord and drinks that everybody enjoyed followed by a barbecue the next day at John Furner's house in Bega.

There were maybe 16 of the possible 20 Old Boys present, apologies were received from Jeff and Val Bailey, New Guinea, David Barton Queensland,

Jim Harris and wife, Rex Small and wife and Bob Alexander's wife.

Two members are deceased, Bill Love and Tom Barker.

All members as far as I know have donated \$30.00 to buy a brick to go in the new building. It may be a good idea for all years that have graduated to do something similar. The first of our "Year of Graduation Reunions" was held on our 25th year out 1981, at Ken Packham's at Hurstville and has been followed by two others in Sydney at Ken

Packham's & Val's and Ian Perrett and Margaret's also in Sydney.

The next one will be held in five years time which will be our 50th year out from graduation and will probably be held at Jim and Cynthia Piper's place at Wollongong. They have kindly offered.

Kind regards, John Furner.

URGENT PLEASE DONATE

WACOBU Cottage is an accommodation building for agricultural post-graduate students jointly funded by Charles Sturt University - Riverina, and the Wagga Agricultural College Old Boys Union (WACOBU). The WACOBU committee is aiming to sell 1,000 bricks as part of our contribution towards the building. Follow the WACOBU members listed above, and donate a brick or two for WACOBU Cottage.

ONLY \$25.00 per brick.

We have **1700** members. A "brick" donation will make a significant contribution to the WACOBU Cottage Project.

REUNION AT RACE DAY 2001

Don Kirkpatrick, Martin McGee, Glen Whittaker, Greg Sandford, Nic Staines, Kim Sandford, Cathy Pope, Chris & Deb Slinger, Narelle Whittaker, Margaret and Stuart Kanaley.

REUNION FOR THE YEAR OF 1981

It was a sensational spring day at the Wagga Ag Race day to reunite after 20 years. Many familiar faces made the effort but a number of visions from the past appeared. Peter Reynolds, Martin McGee (Fec), Alex Calabria (Wog), Michael Pratten (Fox), Glen Whittaker (Groin), Tony Good (Uncle Goody), Nic Staines, Greg Sandford (Sangar), Luisa Sims (Curlewis), Sue Johnson (D9) and Kath Tenison (Pope) made grand appearances. The old usuals were there the Don Kirkpatrick (Big Gobbler), Ross Henley (Rooster), Marg & Stu Kanaley (Maggot & Skin) and Chris & Deb Slinger.

Many of the group enjoyed all of the raceday festivities and batted onto Romano's dining room to relive the last 20 years. Gobbler was up to his old tricks of pinching whatever bottom passed whether it be male or female, Goody had his head butting offspring to demonstrate that rugby starts very young. Fec, Fox, Groin and the Wog all enjoyed revisiting memories of what they did to the grots and motts way back then.....

It was great to have so many return for the catch up.....but hope we all get back for the 25th in 2005.

Thanks to Deb Slinger for providing this report.

REUNION 1988-1995

The weekend of 23rd March saw the Old Boys and Girls of 88-95 return to the old stomping ground in order to raise some much needed cash for Sac (Peter Worsley) to purchase a new, faster and more manoeuvrable wheel chair. To the credit of the Motts and Ag Club, a very thankful Sac was presented with a cheque for \$10,000 following Saturday's rugby game.

The real "activities" started on Friday night with a large crowd gathered at the Duck for a few ales and stories of the old days. Thanks to the Motts for the BBQ and entertainment provided (at times quite willingly !!).

Friday night turned out to be too much for some, as the crowd drifted slowly to Ag Oval on Saturday afternoon for a friendly game of rugby between the Old Boys and the WAC 1st XV. Many who were sprouting of throwing on a jumper and cutting the Motts to pieces the night before were found seeking the shade of a tree and a hair of the dog.

The game started at a furious pace, lasting that way for around 3 minutes, before Mozzie slowed things, deciding to give the Motts a fighting chance and numerous penalties for what must be a whole lot of new rules (thanks for the game Mozzie). The Old Boys seeing that the Motts preferred the frenetic pace decided to slow everything down. However, Gully and the receding Fanbelt didn't know this and continued to run the Motts in circles, quite often passing their teammates (and Prod the water boy) running the other way.

This turned out to be a masterstroke and confused the Motts enough for rubber man Skeg, and the Desert boot clad Gonzo, to run the Muppet Show out wide.

As expected the somewhat slower Old Boys triumphed four tries to two. The motts had some excuse about playing three games in the Wagga knockout that morning, but didn't realise that if this did not occur then it was 200 burpees for them before each quarter.

That night around 120 attended a dinner at the Racecourse, with Professor Jim Pratley providing a very entertaining after dinner speech, aided by the somewhat shy Pick as MC. An auction was held with Westy paying (and then wearing) around \$900 for signed Brumbies jumper. Also sold were signed NSW (\$700) and Qld (\$450) jumpers, while Tnuc reluctantly paid \$350 for a dozen wines from Gherkins Toorak wines, surprisingly out doing Cod's esteemed estate. However Cod's did have some success, managing to sneak his way back to Lightning Ridge under an alias of a Dowd family friend. Ag Club bought a masterpiece photo of sheep grazing on what is now Boorooma, aka the Chalks side.

Many thanks must go to Anton Kowalenko and Goat for organising a great weekend.

OBITUARIES

‘Don’ Leyton Selwyn Joyes

1918-2001

Another chapter in the history of the former Wagga Agricultural College was closed recently with the death of well known former student liaison officer, Don Joyes.

Don, born in New Zealand on 9th June, 1918 as Leyton Selwyn Joyes, enjoyed a varied agricultural career, but it was with young agricultural students where Don found his niche. Don had moved to Wagga with his mother from New Zealand when he was two. After completing primary and secondary schooling in Wagga, he completed agricultural tertiary education at Prahan Technical and Longerenong Agricultural Colleges. After graduation, Don jackerooed before being employed by the Victorian Department of Agriculture as a Herd Tester and Recorder.

He served as a trooper in the 13th Light Horse Regiment prior to enlisting with the RAAF in 1940. He served 4 years with the RAAF, 18 months of which was active service with the 30th Squadron, Beaufighters in the Pacific region as an Air gunner 1 Observer Pilot. In 1945, the Victorian Department of Agriculture sought his discharge and Don returned to Longerenong Ag College as Junior Resident Housemaster and Assistant Dairy Instructor. He was seconded to Dookie as a Lecturer in 1947 before he had an offer to work for Drug Houses of Australia as a Field Officer. This project finished in 1948 and it was during this time Don met and married Fay McFarland.

The food company, Holbrook's, engaged Don as a Food Buyer and Quality Controller until 1949, when he joined the NSW Department of Agriculture as an Agronomist, stationed at the Yanco Experimental Farm. In 1951 Don was promoted to the newly established Wagga Agricultural College as Lecturer and Housemaster. His main responsibilities were for student welfare and for liaising with industry and the local community. In the same year he established the Wagga Agricultural College Old Boys' Union. In 1975 the Wagga Ag College integrated with the Riverina College of Advanced Education. Don then was transferred to Wagga Agricultural Research Institute as Liaison Officer.

However, it was at the Ag College that Don found his niche in life - working with, counselling and generally assisting the students to cope with the hurdles of life and guiding them toward useful and satisfying careers.

Can you imagine being house parents of up to 100 boys in an all male institution? Many of these students came from country backgrounds and must have taken a fair bit of controlling, although Don described them as "fine young people." Throughout this period Fay rendered years of outstanding support and care, not only to Don, but also to the students and Fay became a wonderful asset to College life and overall student welfare. Don has recorded and has retold over the last few years his very fond memories of the Wagga Agricultural College days.

Some of these include:

- the regular water fights and the day he walked around the corner and collected a full bucket of water in his face.
- dining room meal duty - the repeated food fights, the noise, the birthday songs, the food complaints, the lateness for meals.
- the day they cleaned out the well at the back of the west block and recovered 840 empty beer bottles and other sundry items.
- the night the students led a jersey cow into the assembly hall while a dance was in progress.
- students in daggy dress, motorcycle repairs in bedrooms, no sheets or pillowslips on the beds, beer in rooms and whip cracking outbreaks.
- the borrowing of Wagga bicycles that turned up at the College from time to time and the nightly tractor and horse trips into the Black Swan.

In 1976, to recognise Don's contribution to agriculture, education and to the community of Wagga Wagga, Charles Sturt University named Joyes Hall after him. A stained glass window donated by Don in 1994 now shines in the foyer of this hall.

On 9 June 1978, Don at the age of 60 retired here in Wagga Wagga. In Don's retirement years he maintained a keen interest in past and present student activities. He remained active in counselling young people and adults, giving them the motivation to achieve their goals in life and to serve the community. On his retirement, he was further recognised for his contributions and presented with the RCAE Honours Medal for service.

Don enjoyed many hobbies and interests, including sailing his own boat, golf, vineyard pruning (for income), counselling and advocating for Ex-Servicemen, pensioners, helping writing resumes, reading (non fiction), classical music, documentary films, home maintenance, gardening, JP duties and Metal Detector Mineral hunting.

He was the district welfare officer for the British Youth Migration Scheme. He was also the Southern Councillor for the Chinese Community for 12 years. Don was presented with an Advance Australia Foundation Award by the Governor of NSW in 1993. This award is to recognise individuals or groups who have made an outstanding contribution to the growth and enhancement of Australia, its people and way of life.

Another of his very proud moments and recognition came in 1999, when Charles Sturt University nominated Don in the "Walk of Honour". A bronze plaque is now embedded in the Baylis Street pavement, detailing Don's significant contributions to the life of this city.
