Memo To: Students – Charles Sturt University

From: Deputy Vice-Chancellor (Academic)

Date: 27 January 2010

Subject: AUSSE survey - 2009

Each year CSU students participate in the Australasian Survey of Student Engagement (AUSSE). The Survey is administered by an independent body, the Australia Council for Educational Research Ltd (ACER), to a sample of CSU students across Australia.

The survey provides CSU with very valuable information about the experience of students at CSU. It is used by CSU to improve services to students and to better meet students’ needs.

Attached is a report on the 2009 AUSSE survey results at CSU prepared by ACER.

(Professor) Ross Chambers
Deputy Vice-Chancellor (Academic)
