The inaugural Bob Meyenn Annual Education Lecture will be presented on Wednesday, April 23, 2008 at Henry Nowik Auditorium, Albury Campus, Charles Sturt University commencing at 8pm sharp.

The presenter will be Professor Bob Meyenn himself.

The lecture will be followed by light refreshments during which participants will have a chance to discuss the issues raised in the lecture.

Lecture Topic: *Public Education: Does it have a Future?*

The last decade has seen a significant increase in funding to the non-government school sector. For a variety of reasons, parents are deciding that private schools, predominately religious, are better for their children. Federal Government funding has facilitated this move. This lecture attempts to analyse and explain this movement and its implications in economic, political and educational terms.
