

Moisture Gauge (Neutron Probe)

Authorised User Log

Complete this form for each member of the School / Centre who holds a Licence under the Radiation Control Act (NSW) 1990 to use a moisture gauge (neutron probe).
This log is to be kept up to date and retained by the School/ Centre near the stored moisture gauge. This log will be reviewed as part of the radiation audit process, together with the Moisture Gauge Usage Log Form RSC 10.

SCHOOL / CENTRE
