

# CSU - the making of me!

Students from South Korea share some special highlights of their time at CSU

"I chose CSU because it has a very good reputation and it is located in Australia. I live on campus in a dormitory and enjoy the many activities on offer, especially the class discussion time following lectures.

"I have made lots of friends from all over the world. CSU has international student nights where each student makes a dish from their home country and shares the meal with the other students. It is not hard to make "Aussie" friends as Australians are very friendly and kind to strangers like me. They are always smiling and willing to help. I know, as a native Korean, that most Korean students are afraid of speaking or writing in English because they think they may make a mistake. But I want to ask them first 'have you ever seen a foreigner who speaks Korean fluently?' Nobody can speak a certain language fluently from the beginning. Practice makes perfect. Come to CSU, where people are willing to give and help. Don't be afraid."

*Make friends from all over  
the world at CSU*

"I have made great friends and enjoy the practical classes at CSU. By taking different subjects, I can focus on what I like most. Tutorials really help to engage you with each subject. I am living on campus in a dormitory with other friendly students. I didn't cook much back in Korea but now I am cooking everyday. Come to CSU and be open-minded and ready to experience something new. Just enjoy what's there, you won't regret it."

*Graduate with a CSU degree*

"I have a friend who studied at CSU, Wagga Wagga Campus, and recommended the experience. My aim was not only to gain a degree but also to improve my English. Wagga Wagga was the most suitable place for me rather than a big city like Sydney. I have enjoyed the course and meeting a lot of good, supportive people. It has broadened my general understanding of business management and helped me to gain confidence in human resource management, especially dealing with OH&S and industrial relations. The course has given me a variety of career options to choose from. The people are very friendly and it has been easy to make friends. I was involved in lots of interest groups in Wagga Wagga, including a church group and a basketball team. Everybody is very helpful so do not hesitate to ask for help. There are many ways to get help when you get stuck while studying, especially English language support."
