

Subject site lifecycle

As the diagram below indicates, subject sites will be created 60 days before session starts. 28 days before sessions start students will be able to read content from the *informational tools* listed. *Activity tools* (online Forums and Resources) will go live 3 working days before sessions start, unless activated earlier by the Subject Coordinator. See <http://www.csu.edu.au/division/landt/interact/staffsupport/subjcoord.htm> for more information.

Note: this diagram is not to scale
