

VALUES AND VISIONS

The Murray School of Education personnel have mutually identified a number of core values that underpin the work and future directions of the School. It should be the goal of Murray School of Education staff to make real these values in the work undertaken within the Murray School of Education including teaching, research, administration and community relations.

- MSE maintains *collegial, friendly and professional* work environments.
- MSE staff value the *Public Academic* as an honest intellectual, credible and evident voice.
- MSE pursues *excellence in learning and teaching*.
- MSE commits to pursuing *research excellence*.
- MSE commits to developing a profile in *Education for Sustainability*.
- MSE is committed to *social justice and equity*.
- MSE is committed to undertaking *dynamic scholarly community engagement* through credible community connections.
