

Master of Professional Accounting Articulated Set

includes:

Master of Professional Accounting
Graduate Diploma of Accounting
Graduate Certificate in Professional Accounting

The Master of Professional Accounting provides specialised formal knowledge, capabilities and competencies in accounting and related business areas. The Master of Professional Accounting is designed for students looking for a change in career, and opens the way to many vocational choices in areas of financial management, public practice, commerce and industry, government and semi-government organisations, and accounting education. The Master of Professional Accounting meets the academic requirements for accreditation with CPA (Certified Practising Accountant) Australia and the Chartered Accountants Australia and New Zealand.

The Graduate Diploma of Accounting is an entry point for the Master of Professional Accounting. It is designed to build upon previous non-accounting undergraduate studies and work experience, and to add conceptual depth by concentrating on studies in accounting and related disciplines. Graduates are equipped to undertake and evaluate the conceptual basis of accounting; understand, evaluate and apply the principles of current accounting practice; recognise and analyse the impact of the business environment on accounting theory and its application, including the regulatory requirements controlling the accounting process; and understand and be able to apply principles and analytical techniques from economics, commercial law, business communications and quantitative methods in the accounting context.

The Graduate Certificate in Professional Accounting provides a general professional accounting education to graduates of non-accounting disciplines. The degree is designed to build upon previous non-accounting undergraduate studies and work experience and to add conceptual depth by concentrating on studies in accounting and related disciplines. The course includes the concepts of spiral learning and the integration of communication skills, computer applications and quantitative analysis within the discipline of accounting.

The course includes the following awards:

Graduate Certificate in Professional Accounting *GradCertProfAcc*

Graduate Diploma of Accounting *GradDipAcc*

Master of Professional Accounting *MProfAcc*

Admission criteria

[CSU Admission Policy](#)

Master of Professional Accounting

Master of Professional Accounting (12 subjects)

For entry to the Master of Professional Accounting (12 subjects) applicants are required to have an undergraduate degree from a recognised Australian tertiary institution (or equivalent). The undergraduate degree must be in a field other than Accounting. Applicants without a tertiary qualification may be admitted to the Graduate Certificate in Professional Accounting or Graduate Diploma of Accounting on the basis of professional attainment and/or work experience. Upon successful completion of the Graduate Certificate of Professional Accounting/Graduate Diploma of Accounting, students will then be eligible for admission to the Master of Professional Accounting (16 subjects) and receive credit for applicable subjects.

Master of Professional Accounting (16 subjects)

For entry to the Master of Professional Accounting (16 subjects) applicants who do not have an undergraduate degree from a recognised Australian tertiary institution (or equivalent) will be considered for admission via the Graduate Certificate in Professional Accounting or Graduate Diploma of Accounting on the basis of professional attainment and/or work experience. Upon successful completion of the Graduate Certificate/Graduate Diploma, students will then be eligible for admission to the Master of Professional Accounting (16 subjects) and receive credit for applicable subjects.

Graduate Diploma of Accounting

Applicants will normally be required to have an undergraduate degree from a recognised Australian tertiary institution or a qualification deemed to be equivalent. However applicants with other academic and/or professional qualifications acceptable to the University will be considered.

Graduate Certificate in Professional Accounting

Applicants without a tertiary qualification may be admitted to the Graduate Certificate in Professional Accounting on the basis of professional attainment and/or work experience. Upon successful completion of the Graduate Certificate, students will then be eligible for admission to the Master of Professional Accounting and receive credit for applicable subjects.

Credit

[CSU Credit Policy](#)

Master of Professional Accounting

Master of Professional Accounting (12 subjects)

Students may receive up to 50% (six 8 point subjects) worth of credit into the MPA program for related prior studies. Credit will not be awarded for work experience.

Applicants who have completed either the Graduate Certificate in Professional Accounting or the Graduate Diploma of Accounting will be awarded credit for those subjects upon admission to the Master of Professional Accounting.

Master of Professional Accounting (16 subjects)

Students may receive up to 50% (eight 8 point subjects) worth of credit into the extended MPA program for related prior studies. Credit will not be awarded for work experience.

Applicants who have completed either the Graduate Certificate in Professional Accounting or the Graduate Diploma of Accounting will be awarded credit for those subjects upon admission to the Master of Professional Accounting (16 subjects).

Graduate Diploma of Accounting

Students may receive up to 50% (four 8 point subjects) worth of credit into the Graduate Diploma program for related prior studies. Credit will not be awarded for work experience.

Graduate Certificate in Professional Accounting

Students may receive up to 50% (two 8 point subjects) worth of credit into the Graduate Certificate program for related prior studies. Credit will not be awarded for work experience.

Articulation

The Master, Graduate Diploma and Graduate Certificate make up an articulated set of courses and credit is given in each higher level course for the subjects completed in the lower.

Graduation requirements

Master of Professional Accounting

To graduate students must satisfactorily complete 96 points.

Graduate Diploma of Accounting

To graduate students must satisfactorily complete 64 points.

Graduate Certificate in Professional Accounting

To graduate students must satisfactorily complete 32 points.
