

Bachelor of Accounting

includes:

Bachelor of Accounting

Bachelor of Accounting graduates can work as accountants in public practice or commerce and industry with an excellent understanding of the Australian and global economies. They can apply the Australian Accounting Standards and the Australian Auditing Standards within a work context and have an understanding of the theories and practice of investment and financial decision making. There is a strong emphasis on management accounting giving students experience in using a range of costing techniques as well as experience in strategic management decisions. Students develop an understanding of the legal environment in which Australian business operates with particular emphasis on the law as is it impacts on corporations. Students are provided with the opportunity to complete a joint study in a number of business and other areas. The degree gives graduates the academic qualifications to enable commencement of either the CPA Program or the Chartered Accountants Program.

The course includes the following awards:

Bachelor of Accounting *BAcc*

Admission criteria

[CSU Admission Policy](#)

Standard CSU, UAC and VTAC admission requirements for undergraduate courses apply. International applicants must meet the CSU admission requirements in terms of English language requirements.

Credit

[CSU Credit Policy](#)

Students who have studied and successfully completed relevant subjects at other universities or educational institutions may apply for credit for those subjects when applying to CSU courses. Credit will be granted for subjects, which are equivalent in content and standard, at the discretion of the Course Director.

The Faculty of Business, Justice & Behavioural Sciences has a large number of standard credit packages for TAFE and other institutions.

Graduation requirements

To graduate students must satisfactorily complete 192 points.

Course Structure

The course consists of eighteen (18) core subjects and six (6) unrestricted elective subjects.
