

Graduate Certificate in Intensive Care Paramedic Studies

includes:

Graduate Certificate in Intensive Care Paramedic Studies

The Graduate Certificate in Intensive Care Paramedic Studies equips graduates with the knowledge, skills and clinical judgement to successfully enter the role of an intensive care paramedic. The course aims to enable paramedics to acquire knowledge, skills, attitudes and values relevant to the provision of intensive care in the pre-hospital environment; provide opportunities for the personal and professional development of paramedics working in the pre-hospital environment; and provide students with the professional foundation to appreciate the linkages between the emergency medical system and the delivery of pre-hospital care. Graduates are able to deliver the specific skills and competencies necessary in intensive care paramedic practice; provide clinical leadership and practice; and expand the capacity for professional reflective practice in the field.

The course includes the following awards:

Graduate Certificate in Intensive Care Paramedic Studies
GradCertIntensiveCareParamedicStud

Course Study Modes and Locations

Graduate Certificate in Intensive Care Paramedic Studies (4315PS)

Distance Education - Bathurst
