

Master of Management Articulated Set

includes:

Master of Management

Graduate Diploma of Management (Professional Practice)

Graduate Certificate in Management (Professional Practice)

The Master of Management is designed to provide advanced knowledge and skills for professionals who need to make complex business decisions. The course aims to develop operational and strategic capabilities in management which can be practically applied to lead organisations in competitive operating environments. The course is structured to help graduates develop critical thinking, problem solving, ethical decision making and effective communication skills.

The Graduate Diploma of Management (Professional Practice) is offered by the Australian Graduate Management Consortium (a partnership between Charles Sturt University and TAFE NSW), and aims to develop operational capabilities in business. The course provides conceptual tools, knowledge and practical skills in management which can be applied to lead organisations in competitive operating environments. The course is structured to help graduates develop critical thinking, problem solving, ethical decision making and effective communication skills.

The Graduate Certificate in Management (Professional Practice) is offered by the Australian Graduate Management Consortium (a partnership between Charles Sturt University and TAFE NSW), and provides specialised knowledge and practical skills in management. The course is structured to help graduates develop critical thinking, problem solving, decision making and effective communication skills.
