

<p>St Martin's College</p> 	<p>Code of Good Practice for Staff</p>
--	--

Policy Statement

St Martins College requires that its staff carry out their ministry and work with integrity, trust, justice and compassion to all.

Procedures

- All staff are required to be given a copy of the Anglican Diocese of Canberra & Goulburn Diocesan Code of Good Practice.
- Staff training sessions should include an explanation and interpretation of the Code in the context of St Martins College. Such training should also make it clear to staff that regardless of their spiritual orientation they are “Church Workers” for the Anglican church of Australia and as such accountable to the Anglican church for their behaviour.
- A copy of the code can be found at <http://www.canberragoulburn.anglican.org/HTML/publications/CodeofGoodPractice.pdf>
