The STUDY LINK program is run throughout the year, providing the greatest flexibility for completing the STUDY LINK subjects that are on offer.

It is recommended that you enrol in a STUDY LINK term that allows you to either complete your STUDY LINK subject(s) before you commence your degree, or during one of the session breaks. Use the following STUDY LINK calendar to help you choose an appropriate STUDY LINK term in which to enrol.

The chart below displays how the three STUDY LINK terms sit in relation to the three regular University sessions, as well as the mid session and session breaks.
