# Outline

- About the **FGC**
- **Purpose** of the Symposium

# ARC ITTC for Function Grains

- Centre aims:
  - **Train** the next generation of **Grain Scientists**
  - Transform the **grains industry** from a **low value** commodity-based industry to a **high value** food and feed industry

ARC Industrial Transformation Training Centre for Functional Grains

# Purpose of the Symposium

- Reflect on the **international year of the pulse**
- What is the **future** of pulse production and consumption?
- What **research questions** need to be addressed to increase pulse **production** and **consumption**?

#lovepulses #pulsefuture16
